PROFESSIONAL SUMMARY

MCA student skilled in Python, Machine Learning & Web Development. Built Disease Prediction System using ML algorithms (Pandas, NumPy) and responsive HTML interfaces. Certified in Python ML and Web Development. Seeking Software Developer / Data Analyst role.

EDUCATION

C.V Raman Global University MCA	Present Bhubaneswar, Odisha
Dr. Shyama Prasad Mukherjee University Bsc.(Information Technology)	2024 Ranchi, Jharkhand
Chotanagpur College Intermediate Ramgarh, Jharkhand	2021 Ramgarh, Jharkhand
DAV Public School Secondary Education	2019 Ramgarh, India

TECHNICAL SKILLS

- | | |
|-----------|-------------|
| • C | • Python |
| • HTML | • CORE JAVA |
| • Matplot | • Numpy |

LANGUAGES

ENGLISH (Fluent)	HINDI (Native)
----------------------------	--------------------------

PROJECTS

AI Powered Smart Farming Python, ML, HTML5 - Built a machine learning web app for crop prediction and fertilizer recommendation using soil data - Applied Random Forest (95% accuracy) after comparing ANN and CNN models - Developed using Python, Flask, HTML/CSS/JS with an integrated AI chatbot	2026
Disease Prediction Python, ML, HTML - Built web application predicting diseases from symptoms - Used Pandas, NumPy for data processing (10K+ records) - Designed responsive UI with HTML/CSS - Achieved 90%+ prediction accuracy	2025
Developed a Chatbot Python, NLP - Developed conversational AI handling user queries - Implemented NLP preprocessing and response logic - Processed 1000+ test conversations with 85% accuracy	2025

CERTIFICATIONS

Web development and Web Designing	09/2023 – 10/2023 Ranchi
Python with Machine Learning	09/2024 – 10/2024 Ranchi
